

ECONO-RAIL – Standard duty

Econo-rail is a flexible and economical pedestrian control system that is simple to install. It consists of surface mount posts and rails in 1, 1.5 or 2 metre lengths. Rails can be cut on site for special lengths. The system comes complete with connectors and fixings. Ideal where an attractive and practical solution is required to control the movement of pedestrians.

Value features:

- » All components galvanised prior to powder coating.
- » Powder coated rails available in three standard lengths or can be cut down on site.
- » Comes with all fittings and fixtures.
- » Rails can come off posts at any angle for changes in direction using our unique post to rail adapters.
- » Highly visible safety yellow powder coated finish.

Econo-rail can be configured to any layout.

Specifications

Description:	Modular economy post & rail system.
Material:	Posts 63.5mm diameter, 1.6mm wall, 1050mm high. Rails 30 x 60mm oval galvanised tube with 1.6mm wall.

Weight:	Posts 4kgs / Rails 2kgs metre.
Installation	3 off 10 x 50mm masonry anchors per post (supplied).

All rails and posts are galvanised and powder coated.

PART No.	DESCRIPTION
ER63-SM	Surface mount post
ER631	1.0 metre rail with connectors
ER6315	1.5 metre rail with connectors
ER632	2.0 metre rail with connectors

Econo-rail can be disassembled and relocated as required.

Rail to post connection.

6mm thick base plate.

LEGEND

PROPRIETARY DESIGN

This product has been fully designed and developed by Barrier Group. It is a proprietary product of Barrier Group Pty. Ltd. and protected by copyright.

FREE END OF LIFE RECYCLING

Return this product to Barrier Group for free recycling rather than dumping into landfill.

NEW AND UNIQUE

This is a new and unique product. It has either been designed, developed and manufactured by the Barrier Group Pty. Ltd. or it is being seen here for the first time.

100% RECYCLABLE

This product is manufactured from virgin grade raw materials and is 100% recyclable using existing, readily available recycling technology and services.

RECYCLED MATERIALS

This product has been manufactured from either a combination of recycled materials and virgin grade materials or entirely from recycled materials.

HOT DIP GALVANISED

This product has been hot dip galvanised prior to any surface coatings being applied. Hot dip galvanised offers vastly improved corrosion protection and extended life in harsh environments.

FIXINGS INCLUDED

This product comes complete with all the necessary fixings to complete the standard installation. When comparing competitors prices against our own, always ensure they have included the fixings with the product (excludes gravel spikes).

WARNING
